NOALE TA W - TW

NOALE TA W

NOALE TA TW

Table consisting of 40x50x2 mm steel tube supports with 5 mm thick steel supports and two perforated plates for fixing to the floor. The table top is made of five 130x32 mm thick slats of hardwood or thermo-treated pine, and 2 mm thick sheet metal ribs.
All metal parts are galvanised and coated with thermosetting polyester powder.
The hardwood is treated with water-based pigmented impregnation, while thermo-treated pine is supplied not impregnated (impregnation available as an option).
All fixings are in AISI304 stainless steel.
Prepared with holes Ø 12 mm for ground fixing through mechanical dowels (not included).
