NOALE TWS

Bench with backrest, with or without armrest, consisting of 40x50x2 mm steel tube supports with 5mm thick steel supports and two perforated plates for fixing to the floor. The seat is made of three slats section 140x32 mm while the backrest is made of 2 slats section 120x32 mm, both in hardwood or thermo-treated pine, and 2 mm thick sheet metal ribs.
All metal parts are galvanised and coated with thermosetting polyester powder.
The hardwood is treated with water-based pigmented impregnation, while thermo-treated pine is supplied not impregnated (impregnation available as an option).
All fixings are in AISI304 stainless steel.
Prepared with holes Ø 12 mm for ground fixing through mechanical dowels (not included).
